## THE TIME IS NOW!

***CONSIDER A CAREER IN THE UNIONIZED CONSTRUCTION TRADES. EARN WHILE YOU LEARN APPRENTICESHIP TRAINING PROGRAM OFFERS OPPORTUNITIES FOR INNER-CITY RESIDENTS.***

The City of Buffalo's 10-year, \$1 billion program to renovate its Public School System has created a real need for local construction workers, both men and women who live in the inner city. These workers are employed in a variety of unionized construction trades, ranging from Asbestos Workers to Electricians to Painters, Plumbers and Roofers. In our region where the economy has been stagnant for many years, these jobs carry with them good-paying wages, along with benefits and pension contributions.

***SO WHY DON'T YOU TAKE ADVANTAGE OF A TREMENDOUS JOB OPPORTUNITY?***

The member unions of the Buffalo Building & Construction Trades Council offer Apprenticeship Training Courses in an Earn While You Learn setting. That's right. You are paid while you're learning the specific craft you've chosen. Employers are seeking good people who want to work hard and advance in this career. The Trades Council's unions offer the training that can get you there. All you have to do is decide on what trade you're interested in and make the call to that specific union.
